Additional Products from Vividus  
Makers of Amazing Animation<sup>®</sup>

## • AMAZING ANIMATION™ SCENE AND STAMP PACKS

Collections of Scenes and Stamps to add to your Amazing Animation creations.

## • Cinemation™

The award-winning animation program that inspired Amazing Animation. Cinemation includes additional animation capabilities such as tweening (filling in animated motion), and advanced interactive control so that buttons can open new movies or branch within movies. Cinemation and Amazing Animation files are compatible and can be played in either program.

## • CinemationCD™

The most popular and intuitive features of Cinemation in CD-ROM format.

## • CineMedia™ Clips

Collections of clip animations and sounds that can be used to spruce up presentations. Volumes include a starter kit, sounds, business clips and dinosaurs.
