SOFTKEY LICENSE AGREEMENT

PLEASE READ THE FOLLOWING TERMS CAREFULLY BEFORE USING THIS PROGRAM:

This agreement governs your use of the SoftKey products enclosed with it including any manuals, disks, computer program and materials associated with it (the "Software"). BY OPENING THE SEALED PACKAGES CONTAINING THE DISKS AND/OR BY USING THE SOFTWARE, YOU AGREE TO BE BOUND BY THE TERMS OF THIS AGREEMENT. IF YOU DO NOT AGREE TO THE TERMS OF THIS AGREEMENT, PROMPTLY RETURN THE UNOPENED DISK PACKAGES TO THE PLACE YOU OBTAINED THEM FOR A FULL REFUND.

1. Grant of license. This Agreement permits you to use one copy of the Software, which is licensed as a single product. The Software is "in use" on a computer when it is loaded into the temporary memory (i.e., RAM) or installed into the permanent memory (e.g., hard disk or other storage device) of that computer. You may use the Software on a network provided you have purchased one copy for each user.

2. Copyright and Restrictions. The Software is owned by SoftKey or its suppliers and is protected by United States and Canadian copyright laws and international treaty provisions. SoftKey retains all rights not expressly granted. You must treat the Software like any other copyrighted material, except that you may either make one copy of the Software solely for backup or archival purposes or transfer the Software to a single hard disk provided you keep the original solely for backup or archival purposes. You may not rent or lease the Software, but you may transfer your rights under this Agreement on a permanent basis provided you transfer the license granted by this Agreement, the Software and all associated printed materials, retain no copies and the recipient agrees to the terms of this Agreement. You may not reverse engineer, decompile or disassemble the Software, except to the extent the foregoing restriction is expressly prohibited by applicable law.

3. Limited Warranty. For 90 days from your date of purchase, SoftKey warrants that the media on which the Software is distributed are free from defects in materials and workmanship. SoftKey will, at its option, refund the amount you paid for the Software or repair or replace the Software provided that (a) the defective Software is returned to SoftKey or an authorized dealer within 90 days from the date of purchase and (b) you have completed and returned the enclosed registration card. These are your sole remedies for any breach of warranty. SoftKey disclaims all other warranties, either express or implied, with respect to the Software and the accompanying written materials, including but not limited to implied warranties of merchantability and fitness for a particular purpose.

4. Limitation of Liabilities. In no event will SoftKey be liable for any indirect, special, incidental, economic or consequential damages arising out of the use or inability to use the Software, even if SoftKey has been advised of the possibility of such damages. In no event will SoftKey's liability exceed the amount paid by you for the Software. Because some jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

5. U.S. Government Restricted Rights. The Software is provided with RESTRICTED RIGHTS. Use, duplication or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software—Restricted Rights at 48 CFR 52.227-19, as applicable. Accessing the Features of Artrageous!

Welcome to *Artrageous!*, your hands-on, interactive romp through the amazing world of art! Here's a brief description of the many features you'll find in *Artrageous!* For a more detailed and in-depth explanation of each feature, access **HELP** or **TOUR**.

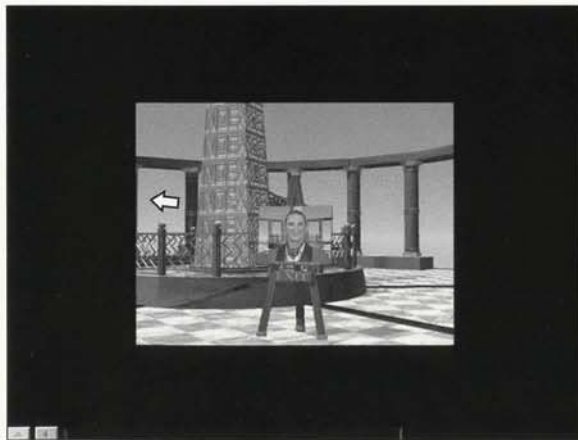

After you start *Artrageous!*, a guide will greet you with a brief introduction. If you don't want to hear the introduction, just click anywhere on the screen.

1

The Plaza

The world of *Artrageous!* is arranged around a central plaza. To move around the plaza, just move your cursor around the screen. When it turns into a big white arrow, you can click to go in the direction it's pointing.

2

Leaving the Plaza - Quick Time Virtual Reality

When you leave the plaza and approach a neighborhood (**Color, Light, Perspective, Composition, Life of Art, Database**), you'll enter a world of quick-time virtual reality. Your cursor will look like this:

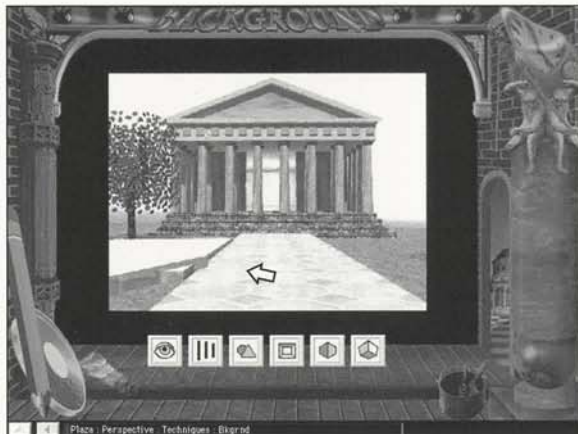

You can move around this world by moving your cursor around the screen. For example, the more you move the cursor to the right side of the screen, the faster the world will spin to the right. Remember, you can move right or left, but not up or down.

Inside a Neighborhood

Once inside a particular neighborhood, the cursor will look like a big white arrow. When the cursor turns into a hand with a pointing finger, it means you've found a place to touch and explore.

Location Bar

Whenever you go into a neighborhood, the **Location Bar** keeps track of your journey. The **Location Bar** is located at the bottom of the screen. It shows your location in the hierarchy of the program. You can move up the tree, or go backward in your journey, by clicking on any location in the chain.
