FREEVERSE SOFTWARE

Deathground™

"In low ground, climb.
In desolate ground, run.
In encircled ground, scheme.
In Deathground, you fight!"

Sun "Big Cannoli" Tzu
c. 400 B.C.

Deathground

Deathground Update

1. Download the updater from
"http://www.freeverse.com/deathg/dgupdate.html"

2. Remove the Deathground application from the original Deathground folder.

3. Move the new Deathground application from the Update folder
to the original Deathground folder.

4. Run the new Deathground, and have fun.

NOTE: In order to make use of this update, you'll need to copy Deathground from the CD to your Hard Drive.
